

Request OneRoster API

1 Login to FACTS

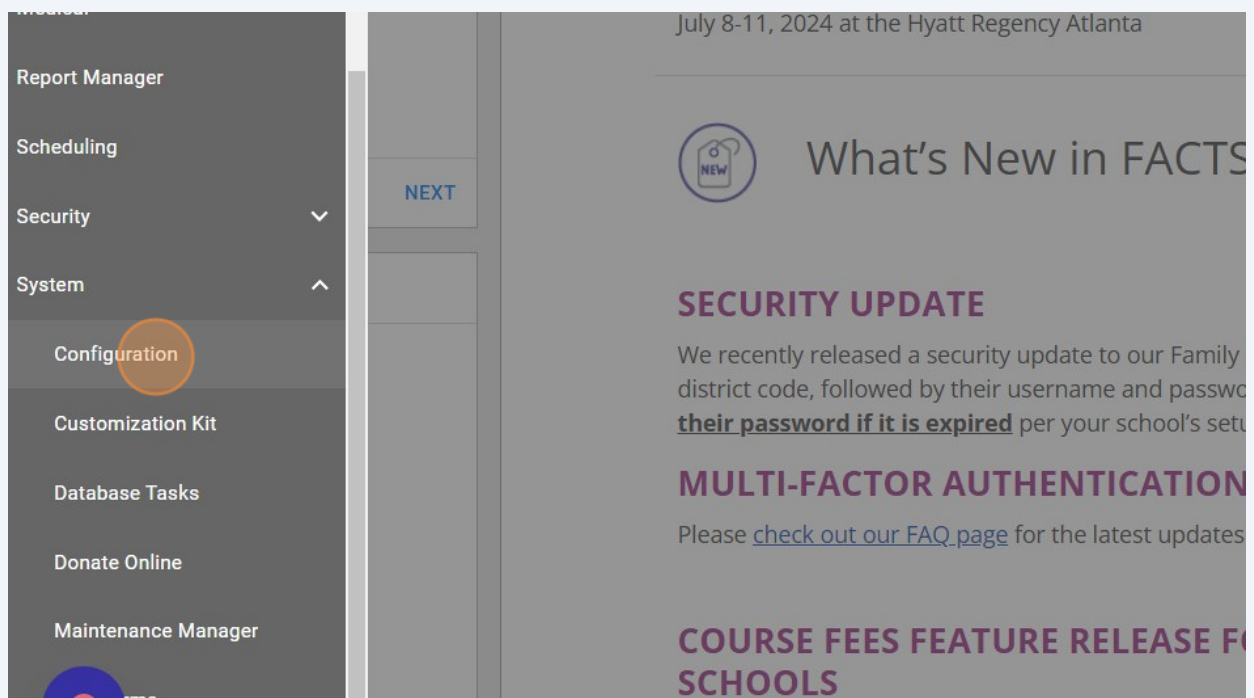

2 Select Menu

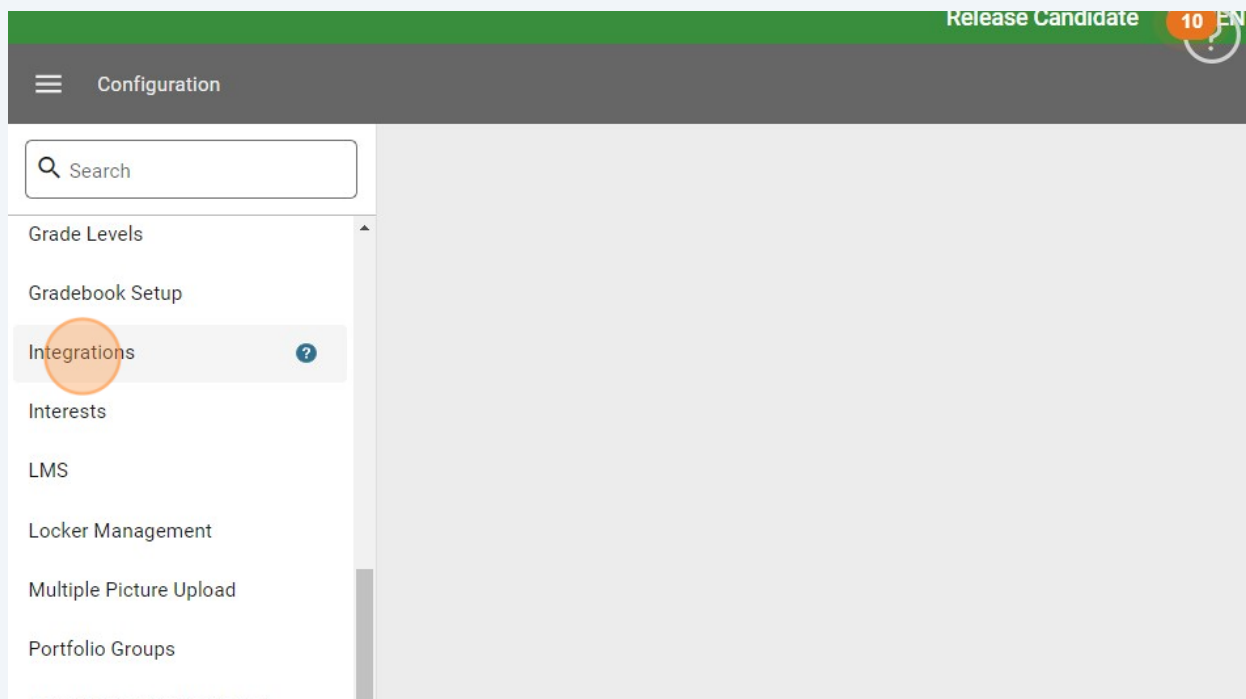

3 Select System

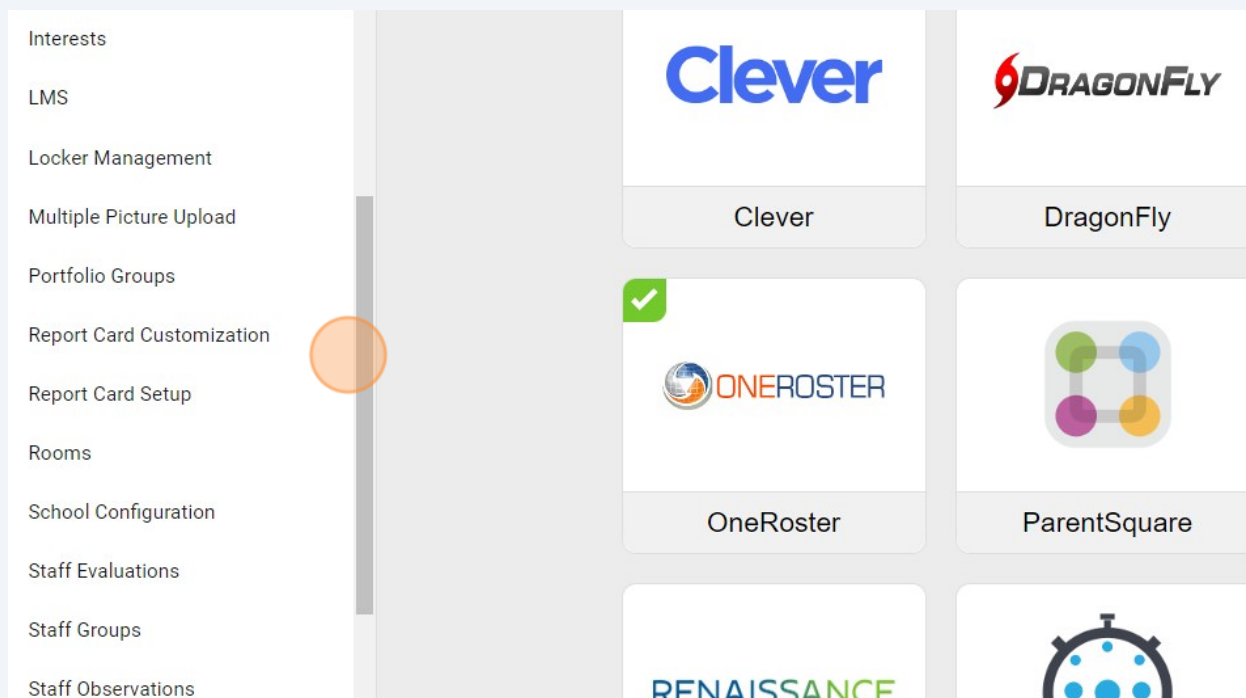

4 Select Configuration

5 Select Integrations

6 Select OneRoster

7

Select API Export

The screenshot displays a web interface for integrating FACTS SIS with OneRoster. On the left is a sidebar menu with items: 'els', 'k Setup', 'ns' (highlighted with a question mark icon), 'inagement', 'icture Upload', 'roups', 'rd Customization', and 'rd Setup'. The main content area has a breadcrumb trail 'Integrations > OneRoster' and a title 'FACTS SIS OneRoster'. Below the title are two export options, each with a blue square icon containing a white right-pointing arrow and the word 'Export' underneath. The first option is 'CSV Export', described as 'Creates academicSessions, class files in the OneRoster format. Th SFTP connection.' The second option is 'API Export', described as 'Allows API access to our system courses, demographics, enrollment and users.' An orange circle is overlaid on the 'API Export' option.
